"What I Got"

Tell me boy what you want
How you want
We could do this
Anything that you want
We could do how you like it
When you come get with me
You forget all the rest
'Cause ain't no girl out like me
That's got what I got

You got the things I like
You know just what to do
Boy you got me so, so, so addicted
Why, why you actin' shy
Look into my eyes
Ill make it worth your time
So, so come on now

Tell me boy what you want
How you want
We could do this
Anything that you want
We could do how you like it
When you come get with me
You forget all the rest
'Cause ain't no girl out like me
That's got what I got

I am trying to get through
I'll show you what to do
Boy I'll make you so, so, so addicted
Say what you wanna say
But don't let the words get in the way
Just do the things I tell you
Let me tell you
Baby you got my attention
Nobody else holds me down like you do
So come on now

Tell me boy what you want
How you want

We could do this
Anything that you want
We could do how you like it
When you come get with me
You forget all the rest
'Cause ain't no girl out like me
That's got what I got

Tell me boy what you want
How you want
We could do this
Anything that you want
We could do how you like it
When you come get with me
You forget all the rest
'Cause ain't no girl out like me
That's got what I got

What I got
I got that something that you want
What I got
I got that something that you talk about
What I got
I got that something that you want
What I got
I got that something that you dream about

Tell me boy what you want
How you want
We could do this
Anything that you want
We could do how you like it
When you come get with me
You forget all the rest
'Cause ain't no girl out like me
That's got what I got

Tell me boy what you want
How you want
We could do this
Anything that you want
We could do how you like it
When you come get with me
You forget all the rest
'Cause ain't no girl out like me
That's got what I got

Nobody got
What I got
