[Feat. Promise]

They say a picture a thousand words
If that's true girl what are u telling me
They say if u feel it inside your soul
That the love is over that it's destiny

Maybe it's the truth, maybe it's a lie
But I know what my hearts telling me
Maybe it's the end, maybe it's goodbye
Cuz I already know what ur showing me

Heartbroken, I don't wanna
Don't wanna be, girl
Heartbroken, from you
Heartbroken, I don't wanna be,
Don't wanna be, girl
Heartbroken, from you

They say if u can see it in your heart
That the touch of god will come pouring down
So I thought if I gave you my heart
Than maybe god'll work it all out

Maybe it's the truth, maybe it's a lie
But I know what my hearts telling me
Maybe it's the end, maybe it's goodbye
Cuz I already know what ur showing me

Heartbroken, I don't wanna
Don't wanna be, girl
Heartbroken, from you
Heartbroken, I don't wanna be,
Don't wanna be, girl
Heartbroken, from you [x4]
