Desire me, desire me
As I desire you
Desire me and want me
That's all I ever ask of life

That you will someday come to me
And say that you love me
As I love you, mmm

Desire me and tell me
That you are mine and mine alone
Desire me and love me
And be the queen upon my throne

For I will always worship you
No matter where you go
Or what you do

There comes a time
In the life of every boy
When one and only
One girl will do

So now the time has come
And I know that you're the one
And all that I will
Ever want is you

So desire me, desire me
That's all I ever ask of you
Desire me and love me and
Tell me that you want me too

For nothing else
Will matter in the world
As long as I am close to you

Mm, there comes a time
In the life of every boy
When one and only
One girl will do

So now the time has come
And I know that you're the one
And all that I will
Ever want is you

So desire me, desire me
That's all I ever ask of you
Desire me and love me and
Tell me that you want me too

For nothing else
Will matter in the world
As long as I am close to you

Nothing else will matter, my darling
If I'm close to you

Please, please tell me
I'll always be close to you
