I don't know where the sun went
When you went away
When my eyes can't see you
You didn't say goodbye
Passed me by just so I could see you... No.
One last time to tell you
That somehow I'll miss you

Chorus:

But I missed you
Bet you see right through
I'm just putting up a mask to hide from you
I have missed you
But did you miss me too?
Coz first I have to hear those words from you
So say it now, please...
I've missed you. I've missed you.

I hoped and prayed each day
While you were away
That someday I'd see you
So forgotten you'll be back
Now you're back... Do I wanna see you? No.
Coz you made me a stranger
That you don't remember
(Repeat Chorus)

Bridge:

If you think I'll stay forever
Think again coz no, not ever
I can only wait for so long
I can't keep on holding on... No.
