CHORUS (x2):

Soothe me baby, soothe me  
Soothe me with your kindness  
For you know your powerful love is  
Soothin' to me

Oh how I used to ramble  
& how I used to roam  
Oh but since I met that baby of mine  
All I do is stay at home, & I tell her

(chorus)

Oh I used to have a lot of girls  
Have them big & small  
Oh but since I met that baby of mine  
I know no other girls at all; I just tell her

(chorus x2)

It's so soothin' to me  
Your love, babe, is soothin' to me  
...& fade
