Spending my day, thinkin' 'bout you girl  
Being here with you, being near to you  
I can't explain myself, why I feel like I do

Though it hurt me so to let you know  
The look in your eyes to let me know  
Just how you feel

And I let me know that your love is really real  
And it seems to me  
That I'm wrapped up in your love

Don't you know that I'm still in love with you  
So much in love, girl  
Don't you know that I'm still in love with you  
Oh, only with you, baby

And I look in your eyes  
After all these years, I still see  
I've seen, being lovin' you and you lovin' me  
And it seem to me that I'm wrapped up in your love

Don't you know that I'm still in love with you  
So in love with you, baby  
Don't you know that I'm still in love with you  
Oh, with you baby

I try to do what you want me to do  
I wanna do what you want me to do  
'Cause I'm still still in love with you

After all these years  
Don't you know that I'm still in love with you  
In love with you, baby  
Oh, I'm still in love with you  
Don't you know
