I was lying there  
Lying on the beach  
I dreamed you where there  
Feel the heat  
The sun and the waves  
When you touch my hand  
We were on a desert island  
I had a dream  
I was swept away  
You and i are on an island  
Where i thought the storm would never end  
I saw your light on the horizon  
And i knew that i was blown away again  
No it doesn't matter  
Yeah, it doesn't matter  
'cause nothing lasts forever  
'cause nothing last forever  
No it doesn't matter  
No it doesn't matter  
'cause nothing lasts forever  
Nothing last forever

I was swept away

I was swept away

I was swept away with you

I was swept away

I was swept away

I was swept away with you

The rise and fall is endless

The risk you run of being lost in blue

You caught my drift while i was restless

When the current flows

I'm gonna go with you

No it doesn't matter

Yeah, it doesn't matter

'cause nothing last forever

Nothing last forever

No it doesn't matter

No it doesn't matter

'cause nothing last forever

Nothing last forever

I was swept away

I was swept away

I was swept away with you

I was swept away

I was swept away

I was swept away with you

For a day  
Or maybe for a lifetime  
Break away  
Is he throwing me a lifeline  
As i say  
That this will be the last time  
Swept away  
Will it end with you?  
I was swept away  
Swept away  
Swept away  
No it won't, no it won't  
No it doesn't matter  
Nothing last forever
