Ain't it funny  
I'm tied to the magic of your caress  
Ain't it lovely  
How we fit together, girl, you're the best

And it seems like we've been talking forever  
Words and wine and we've been lost in time  
Oh, no your touching emotions I used to hide  
Too deep inside

12:45 quarter to one  
We're talking all night  
1:45 quarter to two  
We're talking all night

Heat of passion, hours and minutes  
Don't mean so much  
I know the language of love  
Is a tender touch, yeah

Now speak slowly, make the night last forever  
Spill the wine, so you'll forget the time  
Won't you break down and show me emotions you used  
to hide  
So deep inside

12:45 quarter to one  
We're talking all night, all night  
quarter to two  
We're talking all night, yeah baby

2:45 quarter to three  
We're talking all night  
3:45 quarter to four  
We're talking all night

Talking all night, 12:45  
Talking all night, all night

1:45  
Talking all night  
2:45

Talking all night, all night  
3:45

We're talking all night  
4:45  
Talking all night, all night  
5:45

Talking all night  
6:45  
Talking all night, all night  
7:45
