Little Kitten feeling lonley, come and sit across my lap.  
I pet around my finger through your pur as you catnap  
I feed you bits of tuna and we stare at my tv.  
I sing for you this song about how much you mean to  
me  
It goes,

Kitty come kitty play  
Kitty love kitty stay  
Kitty jump to me  
Kitty land on your feet.

When I get a little angry or I feeling like a jerk  
I can scrath you on the shin and feel the rythm of your  
pur  
And there is nothing I can face me when we playing  
with a string  
So I wrote for you this melody, thou you hate me when I  
sing  
It goes,

Kitty come kitty play  
Kitty love kitty stay  
Kitty jump to me  
Kitty land on your feet
