In my eyes she can do no wrong  
In her mind I'm a little child  
She's the words in my favorite song  
But to her I am juvenile

I'm the love she will never love  
I'm the friend that she calls a friend  
And if I'm not the careful crush  
I'll be one heart, one man and then

Mercy, Mercy have on me  
Leave me broken but leave me be  
Distance hurts a thousand miles  
So stay where you are for a little while

And Mercy, Mercy sing my song  
Lyrics always felt so wrong  
Sell my soul to change the rhyme  
Make you wanting and make you mine

In her mind I'm a troubled soul  
I've pretended and played it cool  
There's a place where I don't belong  
And myself I have made a fool

Mercy, Mercy have on me  
Leave me broken but leave me be  
Distance hurts a thousand miles  
So stay where you are for a little while

And Mercy, Mercy sing my song  
Lyrics always felt so wrong  
Sell my soul to change the rhyme  
Make you wanting and make you mine
