Rest your head a little while
And I will try to explain of love
And all of that
See we were young and cavalier
And we have scars and tears to smile at now

We both knew what had to be done
But it turns out I'm not that brave or strong
So you had to be the one
Because you had courage all along

We were lost and never found
You were hurt and I was proud
I was never there for you
And we forgot the things we knew

Sentimental though it seems
You were mine love
Though I tell you I'm alright
I lie love

Sweetheart this is killing me
Is it killing you?
But I know that things will work out fine
So I show my teeth when I laugh out loud
And pretend that wounds will heal in time

Sentimental though it seems
You were mine love
Though I tell you I'm alright
I lie love

We were lost and never found
You were hurt and I was proud
I was never there for you
And we forgot the things we knew

Sentimental though it seems
You were mine love
Though I tell you I'm alright
I lie love

Sentimental though it seems
You were mine love
Though I tell you I'm alright
I lie love
