And I'm standing up in my practice room
I'm all alone
Speaker's almost blown
And my new gibson amp
Oh what the hell...

Things are not so different in my vocal master
You are the face that launched one thousand ships
Greeks and trojans and a thousand ships
The ships lining the shores of asia minor
Lining all the shores of asia minor
You can tell that I'm not a minor in asia no more
I'm standing up

This is the face that launched a thousand ships
I'm standing up
This is the face that launched one thousand ships
This is the face that shot
You'll never have replaced
Splitting up his kingdom into three separate parts
For his sons and the 3 separate hearts
