I wish your heart was big enough for the two of us
Iâ€™m sure you wouldnâ€™t mind
I forgot the bottom line, oh yeah
I stopped on how to give it all but i was pushed for luck
And thatâ€™s what got me stuck in the first place,
In the worst way
But iâ€™m so in love with you
What am i to do

[Chorus:]

â€™Cause youâ€™re a little too perfect
A little too good for me
I ainâ€™t sayinâ€™ iâ€™m troubled
With troubles that should knock me off my feet
A little too perfect
A little too good for me
You ainâ€™t blowinâ€™ your cover
But hey, iâ€™m gonna catch you anyway

Your middle name means heavenly but it ought to be
Youâ€™re high above the rest
Like an angel never less
Iâ€™m in a daze, in so many ways Iâ€™m kinda mad
Though i guess i got it bad
And that ainâ€™t good take me under I wish you would
Cause iâ€™m so in love with you
So tell me what I got to do

(Repeat Chorus)

I wish your heart was big enough for the two of us
Iâ€™m sure you wouldnâ€™t mind
I forgot the bottom line, oh yeah

(Repeat Chorus)
