Each passing night
I try and close my eyes
But thoughts of you
They wake me up
And tear me inside out

Each passing night
I ask myself who's right
And try to find the reasons why
It had to end that night

CHORUS1:

Didn't we share each other's dreams
We held each other tight
Ang tears fell fromm my eyes
As you walked and left me here
Like the wind you passed me by
I try but I can't see
If it's something that I said
Baby please won't you tell me now
'Cause it gets harder each passing night

I often pray
That you'd come back and stay
We've had too much together
To ever live a part
I'll wait and see
'Cause I know and I believe
Someday you'll come to realize
What you and I can be

CHORUS2:

Then we'll share each other's dreams
We'll held each other tight
Kiss the tears that burn my eyes
'Cause you walked and left me here
Like the wind you passed me by
I try but I can't see
If it's something that I said
Baby, please won't you tell me now
'Cause it gets harder each passing night

I never meant to hurt your heart this way
Sooner or later
There'd be someone else who'd stay
