Have you ever spoke the truth and lied?  
Have you ever waved your love good-bye?  
I've wrestled women to the floor  
Done all these things and probably more  
Have you ever cried and not she'd tears?  
Have you ever drank a lot of beer?  
I've done these things and so much more  
Wishing I had Rose on the floor  
(Chorus)  
But please don't cry no no not for me  
Guess this world's not what it's supposed to be  
But if I had it to do all again my friend  
I'd want the love of Rosalie  
Hm-hum-hum  
Have you ever loved and not known how?  
Have you ever thought that you know how?  
If you have then friend you're just like me  
Chasing rainbows cross a plate of peas  
(Chorus)  
Never mind, never mind I don't want to waste your time  
It's just a song nothing more. Something wrote for you  
Have you lost the game and your not playing?  
Have you wondered what these words are saying?  
It's just a song I wrote for you  
Nothing more than you could probably do  
(Chorus)
