Trials tortures executions
Fire gender extermination

Collective hysterics, crazes
Mass murder and panics
Witch hunts resulted in trials and tortures and
executions

Ill fated heroines exterminated by the holy deadly
institution
Mere victims of narrow-minded prejudice
And fanatical judgment, scapegoats on which every
imaginary blame can be laid

For male dominated christian society
Women were anathematized and cast as witches
Because of enduring grotesque fears they generated
In respect of their presume abilities to control men
Collective hysterics, crazes
Mass murder and panics
Witch hunts resulted in trials and tortures and
executions

Ill fated heroines exterminated by the holy deadly
institution
Mere victims of narrow-minded prejudice
And fanatical judgment (mass murder)

Trials tortures executions
Fire gender extermination

Witchcraft was one expression
Of the constant effort of the race
To rid itself of the sick religion imposed on it.
