All or nothing, love is war
Take everything, want more
Ebb and flow, steady beat
No surrender, no retreat
All or nothing, love is war
Remember who you're fighting for
Never get what you came for
I feel you, life is short

All or nothing, love is war
Take everything, want more
Ebb and flow, steady beat
No surrender, no retreat
All or nothing, love is war
Remember who you're fighting for
Never get what you came for
I feel you, life is short

Been walking straight, been walking narrow
Shot through the eye by cupid's arrow
Don't know if I've seen the real you but I feel you
Yeah I feel you

Chaos rains in Atlantis
roaming the sea
Like some Preying Mantis
she got eyes for me
You're waiting for someone to reveal you but I feel you
Yeah I feel you

All or nothing, love is war
Take everything, you want some more
All or nothing, love is war

Remember who you're fighting for

Now you spurred my advances
like some beggar on fire
Say you're not taking chances,
I'm a fool and a liar
You think this fog will conceal you but I feel you
Yeah I feel you

Last night I dreamt that Leonard Cohen
Handed me a bag of money
See my Achille's Heel was showing
But I didn't find it funny
He said "Beware of those who might steal from you"
But I feel you
Yeah I feel you

All or nothing, love is war
Take everything, you want some more
All or nothing, love is war
Remember who you're fighting for

I gave you anything you want
No pretending, no more
It's all or nothing, this is war

I gave you anything you want
No pretending, no more
It's all or nothing, this is war

All or nothing, love is war
Take everything, you want some more
All or nothing, love is war
Remember who you're fighting for
