On my own  
For far too long  
I know that this time  
In you I have a home  
And I will never let you stray away from me  
In you I finally see  
What it means to feel perfect harmony  
I'll give you my all  
For you I'll take the fall  
I just can't understand  
What would make a man  
Ever let you go

[Hook]  
Hear me call  
I'll give all  
I said whatever it takes  
I'll put it all on my heart  
I'll put it all on my soul  
I said whatever you need  
I promise that I'll put it all on my heart  
On my soul  
I'll put everything on my heart

Girl I know that  
You have doubts about love  
Will it ever find you again  
But I'm here to say  
Don't you dare run away  
From what you truly need  
I've been there for you  
Now be there for me  
I'll be all the man that you'll ever need  
Girl I've paid the price, I've sacrificed  
Now I've finally found what I've been looking for

[Hook]x1

Now that you're mine  
The lonely has gone away  
It's a brand new day

Today is the start  
Of 'til death do us part  
I've never felt so good  
Until you were mine  
I put this on my heart 'til the end of time

[Hook]x3 to fade
