It came in a vision and a vision don't lie  
Though tears from the heaven is better .dry  
Low rain under the .risin no rain behind  
No change in the seasons going inside.  
No one is free no no,  
No one is free no no  
To ... free free free.  
Sleep the great divine, crips . in spite of  
Your faith like the fight of  
... at the mirror.

Chorus:

Said no one is free no no, no one is free no no  
I was .free, you're .free.  
All the kids of the street kids no no  
going wild with the .  
you gotta let em go, let em go,  
let you know .grow.

Here comes the .let it cool., let it . and pain  
Let em break the . and releave the stray  
Let em be the teacher there was only the day

Chorus:

~cause no one is free no no, no one is free no no  
I was .free, you're .free.  
All the kids of the street kids no no  
going wild with the .  
you gotta let em go, let em go,  
let you know .grow.
