I'm goin' upstairs, and bring down all my clothes
I'm goin' upstairs, and bring down all my clothes
Where I go, you will never know

My mama dead and gone, my father don't want me
around
My mama dead and gone people, my father don't want
me around
Don't you know baby, I ain't got no place to go, well a

You know I gettin old, you don't want me no more
You know I gettin old baby, you don't love me no more
You don't love me baby, ahh younger stud

Got a house on the water, you know I don't need no
land
Got a house on the water baby, you know I don't need
no land
When I'm dead and gone, bury me, in the deep blue
sea
