Early one morning while you were asleep  
I received a letter, but there was no addressee  
So I paid it no mind, in fact, I wanted to send it back  
But something that I was feeling said open it  
It said Dear Reader, uh once close friend of mine  
Hope that this letter finds you in time  
Cos your love is ending  
And my life's just beginning  
With a woman that I know you hold dear to you  
And it made me wanna say

I don't ever wanna see you again (I don't, I don't)  
But I stuck by you till the end  
And my conscience is clear  
And I can move on from here  
But I wish I could say the same for you baby (yeah yeah  
yeah)  
I don't ever wanna see you again (no)  
Tell me why did it have to be my best friend (why did it  
have to be)  
That you were messing round with  
I didn't wanna notice it  
I was true to my love for you

It took me a minute to wake up and see  
What the love of my life was doing to me  
I wanted to lay down and die  
Cos my pride wouldn't let me cry  
Somehow I knew I had to get over it  
He said he couldn't understand until he felt your touch  
Now he can see why I love you so much  
And thats so unfair  
I never thought I'd have to share  
Your love that I thought was given to only me  
And thats why

I don't ever wanna see you again (I don't wanna see)  
But I stuck by you till the end  
And my conscience is clear (clear)  
And I can move on from here  
But I wish I could say the same for you baby (ooh)  
I don't ever wanna see you again

Tell me why did it have to be my best friend (you  
could've picked anybody)  
That you were messing round with  
I didn't wanna notice it  
I was true to my love for you (I was so true to my love  
for you)

And you say you loved me (and you said you loved me  
baby)  
Love must of been blind cos I sure didn't see this one  
coming  
I once was blind but now I see  
My best friend huh  
They say keep the ones you love close  
And your enemies even closer  
But I can't win or lose you (you are the closest thing to  
me baby)  
Cos the one I thought was a friend to me  
Ended up being my true enemy  
Do we know the real pain you go through  
Listen to me baby  
I gave you everything, my love and my ring  
And you, you violated me  
And I don't wanna see you again

Repeat chorus again, and fade.
