I got some bad news, here comes the hit squad  
I got some bad news, here comes the hit squad  
I got some bad news, here comes the hit squad

I got some bad news, here comes the hit squad  
I got some bad news, here comes the hit squad  
I got some bad news, here comes the hit squad  
I got some bad news, here comes the hit squad

Well, it's the boogie banger at your service  
My crew got niggas nervous, son the word is  
We on some rule the world shit like Kervis

Blow, yo I get dough, la Rockafella, nigga please  
I got more cheese than mozzarella kicks it Accapella  
I swella fuck up on some other shit, rougher shit  
I?ma hold it down and take a puff of this

Greenery, keep the scenery, didn't seem to be in order  
for thee  
Flip the slaughter, fuck a quarter nigga  
A second wasted is a dollar lost  
Peep the rhyme holocaust, servin' cocktails by Molitor

So PMD, ahh, when you ready then you're wilin'  
Pick up the steel and hold it down for strong island

It's PMD up in the sector, I wreck the microphonin'  
I'm quick to pull a tek and snap that neck and leave ya  
moanin'  
Kid I'm zonin', it's on and I'm back up on the block  
Aiyo, we represent the sewer, son, I represent the dock

Plus I knock, niggas out the box, quickly  
Kid I'm strictly motherfuckin' business so get wit me  
Yo, scratch hit me so I can do my thing and blow the  
spot

It's that nigga Krayzie, Drayzie come to show you what  
I got  
Check the clock if you don't know the fuckin' timin'

Well, I?m rhymin', I?m shinin' like a motherfuckin'  
diamond  
Kill the whinin' 'cos I?m in effect like this

Yo son we bring it from the sewer  
And yo, you know we never miss  
The hit squad, ya shit?s harder every year  
It?s diggity Das EFX and PMD to make it clear, yeah

What? ya catch a bullet in ya gut  
And if you try to run you catch another one to your butt  
Hut one two, hut three  
We riggity rock the miggity microphone as you can see  
G  
Uhh, what?

I got some bad news, here comes the hit squad  
I got some bad news, here comes the hit squad  
I got some bad news, here comes the hit squad
