Yeah, here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Here it is, back up in the scene
Here to make the green and niggaz out there know just
what I mean
I ride the beat like a jockey, short and stocky
I'm never sloppy, the honeys wanna clock and knock
me

It don't shock me, I see it all the time
Get a little fame and now a nigga look as fine as wine
I know the game because I study, me and my buddy
Ain't nuttin' funny, niggaz know the sewer style is nutty

Give me the money 'cuz I'm tryin' to make a million
Rollin' with my clique and yo we dick like a Sicilian
I bring the drama for the masses, whippin' niggaz
asses
So get ya glasses time for classes

I take my chances, I gots to go for broke
So knocka don't provoke, just chill and roll a smoke
It ain't no joke, I know you recognize the sound
It's diggity Das EFX and this is how we goin' down

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Dollar dollar dollar, place your bets across the table
One mo' time 'cuz it's show time without the cable
Holdin' down the spot and any whack penetrators
Is fallin' to the flames of my rap incinerators

I'm afraid, I got some bad news for crews
By the twos son it's hard like booze, so don't snooze
I'm throwin' jabs, hooks and uppercuts to your face,
yeah
Hittin' you with the perfect combination like Stacie

That is sure I be the jibber jabber jour, I'm gettin'
perilous
The skunk derelict ghetto lyrical specialist
Say yes, it's thick, the restless clique
From PMD to fool with the Lexus whip

Now true indeed a few MC's, they just don't know what
they doin'
'Cuz when I smoke the blunt, nigga they had the blunt
canoein'
So yo, now I gotta dis 'cuz niggaz piss me off
The way that y'all be rhymin' if you want step up like
Doggie Diamond

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Crazy trazy, holding down the block
I riggedy rock the miggedy microphone nonstop
You bitin' rappaz better exit 'cuz when I flex it
You won't neglect it 'cuz when you fuckin' least expect
it

Kid, I wreck shit, bring it from the sewer
Miggedy mic check can't forget the one two-a
The incredible man of the season
Here's the reason its the rhymes I'm releasing

It ain't no thing that's how we do it nowadays
Bring it from the sewer, wreck shit and then we sways
Another day another buck-fuck, what nigger please
I'm overdue wit' these foes, niggaz I'm bustin' out ya

toes to get ya dancin'

Son, I even got my crew makin' hits like Charles
Manson
Kids nappin', can't forget the ransom, I'm not so
handsome
So when I pickup my pen my temper tantrum overcome
it like voodoo
And I'm rougher than bruise you, sharp like cold crystal

Yo, my niggaz told Ista?
I don't eat the beef, pork or the goat tissue
Black I blast a missile penetratin' through ya radar
Hey star, ya style's horrible like fuckin' Haggar

Hip hip hooray-K, a the eye swella
The one who be hittin' the bitches blue black to high
yella
It's the boogie banga
Better yet the banger of the boogie, a black champion
like my hoodie

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss

Here it is, do it like this
Comin' from the sewer, yeah, you know we never miss
Here it is, do it like this
