And now we got the game [Incomprehensible]
Allow me to introduce for myself and my peeps
Straight from the sewer sayin' true to the streets

Well it's me crazy drazy, bringin' up the rear
I swear we got to hold it down here yeah
So there let me crack a brew and kick my feet up
Turn the heat up and smiggedy smoke all the weed up

Kids I beat up wit my style thats the newest
My crew is runnin' more ruckus than Carl Lewis

Yo MC's is irrelevant and delicate to the texture
With this style of mines is well defined like Webster
Ain't a better nigga raw from the jaw jabber-jibber
When I get stone like Sharon from sliver

Equipped ta riggedy rip the microphone to shreds
Dread yo come and hit these niggas in the head
Well I connect my rhymes like lego
So lego my eggo, I burn ya like waco you need more
than maaco

I take it to ya crew and keep 'em moving like
I'm a haul
I'm here to school y'all
Figgedy faggots like Rupaul
I throw a screwball and strike out the MC

And if he temps me
I knock 'em out like Jack Dempsey
I burn some sensi and chase 'em wit the guiness
The illest hit me wit the hook because IÃ¢Ä™ m
finished
