Looking in your eyes I see all the things I need to keep
moving on
Stepping into the next adventure that's facing my day
I'm wondering what's out there and what's in store on
this journey
If I get my wish you'll be with me each step of the way

I hope we can find the secrets to an enchanted life, oh
But time doesn't matter and no inhibitions from me

There's so much to see and I hope I can see it today
Tomorrow's no promise so, lets get it going today
No need to wait any longer, no, no
Don't wanna wait any longer, no, no

The moment you trust in the beauty of us you can take
my hand
As we first connected you knew I would show you the
way
All the choices you made in the path you created
brought you here
There's no way to measure how deep's the pleasure
you feel

I hope we can find the secrets to an enchanted life, oh
But time doesn't matter and no inhibitions from me

There's so much to see and I hope I can see it today
Tomorrow's no promise so lets get it going today
No need to wait any longer, no, no
Don't wanna wait any longer, no, no
No need to wait any longer, no, no
Don't wanna wait any longer, no, no
No need to wait any longer, no, no
Don't wanna wait any longer, no, no
