Now that I found you
Let the truth remind you
Now that I found you
Only love surrounds you
[repeat]

I can't seem to remember this feeling we get
But I'm hearing it call my name
I've been waiting for so long to understand
That it takes time to come again
That it takes time to come again

Tara layada layada layada
Layada layada laya
Parara layada layada layada
Layada layada laya
[repeat]

Now that I found you
Let the truth remind you
Now that I found you
Only love surrounds you
[repeat]

I've been waiting for so long to feel this way
And it's easy to understand
I see something in your eyes I can't forget
And I know that you see the same
I know that you see the same

Tara layada layada layada
Layada layada laya
Parara layada layada layada
Layada layada laya
[repeat]

Now I fin'ly see the truth in my life
Now that I found you I can feel the sun come alive
Now I fin'ly see the truth in my life
Now that I found you I could feel the sun come alive
