you can call me supergirl. i am here to save the world.  
from harm. oh yeah it's like a charm. everywhere that i  
go is somewhere that i don't know. uh huh. you know  
that i'll be there it's not like you can't find me  
anywhere,cause i am-

fearless oohh! tearless! yeah! doing things i know are  
right! i am here to take the fight! fearless! ohhhh!  
tearless! everything you wished you could be.

you can call me wonderwoman,saving the world. from  
harm,oh yeah! everything i do is something about you.  
uh huh! you know that i'll always be there! it's NEVER  
like you can't find me anywhere! cause i am-

fearless oohh! tearless! yeah! doing thing i know are  
right! i am here to take the fight! fearless! oohh!  
tearless! everything you wished you could be.

you look out the door,there i am to save you're world. i  
take you everywhere you take me in the air. we  
dream,this is what i mean when you are...

fearless. ooo. tearless. yeah. doing things you know  
are right. you are here to take the fight. fearless. ooh.  
tearless. everything i wish i could be.
