Change of Heart

I can still recall when we said that our love was forever
All those plans we had made for tomorrow they looked
so bright

And I understand all the reasons you gave me for
leaving

But that doesn't help when I'm sleeping alone each
night

So if you ever have a change of heart
Just remember it's not too late to start
If you still believe in what love can do

I could find someone more than willing to be your
replacement
But there's no one else who can move me the way you
do
So for now goodbye but if ever you find you still love
me
You just call my name and I'll always be here for you

So if you ever have a change of heart
Just remember it's not too late to start
If you still believe in what love can do

Nothing you can ever do
Can change the things I know deep in my heart
So I got to make you understand before I go sooner or
later
Don't when I'm going to get you back in my arms
again

So if you ever have a change of heart
Just remember it's not too late to start
If you still believe in what love can do
