Here's a song with every line you know,
It's even got whoaaa
With catchy words to make you sing
Folk lines and pop drawn melodies

Whatever happened to the good songs?
The ones that made us fall in love when we went down.
Feel good music used to move it,
When we put our record on to play.
That good guy saves the world,
Boy gets the girl.

Here's a song with every line you know,
It's even got whoaaa's
With catchy words to make you sing
Folk lines and pop drawn melodies

So we're up to second verse now
And we'll write words that will make you sing along.
Feel good music used to move it,
When we put our record on to play.
That good guy saves the world,
Boy gets the girl.
