Sitting in the corner i don't know what to think i can't  
speak i sink a little deeper with every drink i try to sleep  
i shut my eyes and like a leaky faucet fear floods the  
room the one that drips away patiently by day it was  
either lost or it was stolen but it's been missing for too  
long i woke up one morning and i couldn't see the  
sunrise i can't recall the exact moment now but it  
began some time ago and it makes me wonder after all  
i've done what have i got to show i'm aggravated i'm  
what you created now don't break me
