(John Virgin)

On nights like this I need you so I wish you didn't have
to go
You're meetin' someone that I don't even know
But I won't try to make you stay cause you wouldn't
listen anyway
Although you're here your love left long ago.

And I miss you most when you're right here beside me
You think of her and make believe you're there
And though I feel such emptiness without you
It seems I miss you most when you're here.

All the love for me has left your face and a bothered
look now takes its place
I'm searching for the man that used to be
I could beg you now but it's no good I know you'd love
me if you could
But this loneliness can't get much worse for me.

And I miss you most when you're right here beside me
You think of her and make believe you're there
And though I feel such emptiness without you
It seems I miss you most when you're here...
