(Woody Starr)

Though it's been said so many times before
And if I may I'd like to say I need you
And every day I need you more and more.

Something deep inside my heart keeps saying
Why can't before it's too late
So once again I say to you now and all my whole life
through
I love you this I'd like to say if I may.

So once again I say to you now and all my whole life
through
I love you this I'd like to say if I may...
