(Sammi Smith)

It's time to try another goodbye without cryin'
The time to smile when all my dreams are dyin'
To look at your face and say that my place is not for
you
That ain't easy to think of you.

It's not easy to feel the warmth of your touch
Cause that's where I really wanna be
But your thoughts are so full of yesterday
And there's no room left for me.

So I guess I'll go as long as you know I still love you
And there's still a chance that someday you'll look
around you
And if you should find that my love's your kind I'll be
waitin' here for you
But waitin' ain't the easy thing to do...
