(Sammi Smith)

Won't forget the first time that I saw him
I overheard somebody say Kentucky was his name
He just stood there unconcerned and sang though the
angels were all listenin'
Now I was passin' through on my way for some long
forgotten place
I only planned to get away a lost and lonely Texas
winter evening
But I found myself a wishin' I could stay and listen to
Kentucky sing.

Won't you sing that song again Kentucky
Don't you mind I sing along with you
And I'll be on my way again Kentucky
Everytime I hear that song I get to think of you.

Everything has changed since that Texas winter nights
a long ago
The dreams that I was dreamin' there finally become
reality
Now we just go from town to town and we laugh and
sing every song we know
Life was good to me and my Kentucky.

So let's sing that song again Kentucky
Let's sing it loud Kentucky I love you
And I'll never go away from you Kentucky
Everytime I hear that song I get to reach and touch
you...
