I sat around I waited for your call  
Apparently you forgot because, I'm still waiting  
Waiting I found answers to it all  
Everything is clear  
It all goes down hill from here  
Cuz you're

Fine  
I'm all strung out and still you're fine  
And you're unshaken  
How could you leave me hanging like some old  
forgotten sweater  
And still be fine?  
You'll always be fine  
About everything

I bid you out for the perfect one  
The one who's not forgotten but, I'm still waiting  
Sitting, thinking, waiting by the phone  
Everything came clear  
It all goes down hill from here  
Cuz you're

Fine  
I'm all strung out and still you're fine  
And you're unshaken  
How could you leave me hanging like some old  
forgotten sweater?  
And still be fine  
You'll always be fine  
About everything

How could you deny that you hurt me?  
Such a pity for a while it was nice  
Nothing you propose should affect me  
But it does and you feel  
I'm all strung out and still you're fine  
And you're unshaken  
How could you leave me hanging like some old  
forgotten sweater?  
And still be fine  
You'll always be fine

About everything

I sat around I waited for your call  
Apparently you forgot because I'm still waiting  
And waiting I found answers to it all  
Everything is clear  
It all goes down hill from here

Fine  
I'm all strung out and still you're fine  
And you're unshaken  
How could you leave me hanging like some old  
forgotten sweater?  
And still be fine  
You'll always be fine  
About everything

I'm all strung out and still you're fine  
And you're unshaken  
How could you leave me hanging like some old  
forgotten sweater?  
And still be fine  
You'll always be fine  
About everything
