(Verse 1)

Me, I got everything I own on my own
Vehicle and home
And Studio Foam
On my 4th iPhone
You see I don't need a loan
Im a lonely little stoner, Yea
A Stoner and a Stunna
I can spit your verse better than you can
I am so immortal
Far from a Liu Kang
You know I make it pop though
Like a new can
So hadouken and spinning side kick it
Rebel on the track
Its an Audio Picket
I got my feet up, can I kick it
Deserve a gold ticket
I give more bars than Wonka
Im fully animated like im Blanka
Just let the beat play though
Dashius Clay no relation to Play Doh
The worlds most interesting
Aint really into resting
Until im presidential in the west wing.

(Chorus)

Me I got everything i own on my own
Everything i own
Got it on my own
Me I got everything i own on my own
Everything i own
Got it on my own

Im a lonely little stoner
Yea, Stoner and a Stunna
Uhh, Stoner and a Stunna
Uhh, Stoner and a Stunna
Im a lonely little stoner
Yea, Stoner and a Stunna
Uhh, Stoner and a Stunna
Uhh, Stoner and a Stunna

(Verse 2)

How do we exist
I throw up my fist
You could pray to christ
Im a pray to Chris Topher Wallace
Like Hollister im rich
I give em the cold shoulder instead of calling em bitch
Then I switch
Like Blade, Not the Vampire
The hottest thing in the circle
Like a campfire
Im a certified and Authentic Renegade
Cool as a lemonade
Minute maid frozen
More than a thousand words poison
Don't get it misconstrued im not rising
I've rosen
Shoutout to Muhammed and Dame
I'm too hot for these thermometers to explain
Yea its my prerogative to have slain
Every last character in America that'll gain
Me some recognition
Till you change your religion to Dashaholik
Your inefficient, Listen!

(Chorus)

Me I got everything i own on my own
Everything i own
Got it on my own
Me I got everything i own on my own
Everything i own
Got it on my own

Im a lonely little stoner
Yea, Stoner and a Stunna
Uhh, Stoner and a Stunna
Uhh, Stoner and a Stunna
Im a lonely little stoner
Yea, Stoner and a Stunna
Uhh, Stoner and a Stunna
Uhh, Stoner and a Stunna
