I've been on the losing end of distance
A little too far to be close
On every corner I'll be looking
Wiping my tears away

I've been looking everywhere for you
I've been looking everywhere for you

Never mind the streetlights
Or every shadow shaped like you
Every call keeps me running to the phone
Operator tell me how to get this off of me

I've been looking everywhere for you
I've been looking everywhere for you

I've been waiting all my life
Never holding on too tight

Purple rose that wilts away
Leaving me behind
'Cause my love was there to stay
It's up to you to find

Purple rose that wilts away
Leaving me behind
'Cause my love was there to stay
It's up to you to find

From the bottom of the oceans
To the mountains of the moon

I've been looking everywhere for you
I've been looking everywhere for you

I've been looking everywhere for you
I've been looking everywhere for you
For you, for you

I've been looking everywhere for you, oh oh oh
