"On The Losing End Of Distance"

Visit "[On The Losing End Of Distance](#)" on MotoLyrics.com

I've been on the losing end of distance
a little too far to be close
on every corner I'll be looking
wiping my tears away
I've been looking everywhere for you
never mind the streetlights
or every shadow shaped like you
every call keeps me running to the phone
operator tell me how to get this off of me
I've been looking everywhere for you
I've been waiting all my life
never holding on too tight
from the bottom of the ocean
to the mountains of the moon
I've been looking everywhere for you
