Can you look me straight in my eyes?  
And tell me love is forgiven  
Beneath it all she cries  
That what's not safe is hidden  
You know what's wrong now  
You can't deny this  
All the pretty horses roam and the  
morning roosters crowing  
All the final seeds have grown and the  
summer wind is blowing  
You know what's wrong now  
You can't deny this  
Another day fades away  
Into the midwestern haze  
A duster plane flies away  
Over pastures of cattle  
You know what's wrong now  
You can't deny this  
Can you look me straight in my eyes?  
And tell me love is forgiven
