The greatest waste of potential  
A generation had to offer  
Revolution in our clutch  
Without the will to bother

Ambitionless we wallowed in the crowd  
Our souls were hollowed out  
Every pill was swallowed down  
And we followed our leaders into the ground

And after all the dust had cleared  
And we dried away the tears  
Our fears were left to subtly enslave us  
As we headed through the lines  
That marked the boundaries of our lives  
Wee left to die with no one to save us

We became the victims of indifferent behavior  
Manipulated to crucify our conscience like a savior

We could not conceive that our betrayal  
Was the instigation of our failure  
So we strive to no avail  
We sunk this ship before we set sail  
Reticence prevailed

As my faith lie dying, I'm still trying to expose  
Our successors to this paradise in which we are  
enclosed  
We came so close to giving up  
And never wondered why  
Bought into every subterfuge by which we are denied

They've Taken everything  
(Backing vox)  
We have been defined  
We have been defiled  
We have been refined  
NOW WE ARE BROKEN!

I will not lay down  
I wont' forget the dream

I will not abide this suffering

They've taken everything  
Except our decision
