And I couldn't tell the difference  
In stature or in rhetoric  
These demons that conducted these new plans  
As it stands  
I have no recollection  
Of any choice I might have had;  
Present or past.  
All their faces look the same  
And all the lies that then take shape  
Give new meaning to this destruction on our hands  
And that's the way the riddle ends

It's the same mistake  
I have always made.  
Believing in humans with hidden agenda's  
That's a line they've crossed  
And so here's to my faith lost  
You'll never have my allegiance again!

I've found vaults of misinformation  
I've carried myths shrouded in devotion  
I've held onto every dishonest fallacy  
That they have embedded in me

I never stood a chance did I?

Choosing among too evils  
Has been a key to our survival  
And I cherished every moment of my ignorance

Look what we have become  
When did we get off track  
The damage has been done

I just want my leverage back!

How did we get so far  
This isn't how we planned it  
But now I understand

I just want what my father had

This one time can we add  
Some decency; some integrity;  
Is that really so much to ask!  
I've had enough of eating the words  
So many bodies have been buried for.  
I refuse to be an accessory anymore

It's the same mistake  
I have always made.  
Believing in humans with hidden agenda's  
That's a line they've crossed  
And so here's to my faith lost  
You'll never have my allegiance again!

I've found vaults of misinformation  
I've carried myths shrouded in devotion  
I've held onto every dishonest fallacy  
That they have embedded in me

I never stood a chance did I?
