A Tribute, A worst mistake!
It seems so dark when you're around
A favor, a price to pay!
Inconsistent.

Your glance it has no meaning
I look at the sky your eyes shine
I beg for honesty.

Your words will tear us both apart
And this heart keeps beating faster
I hope you'll never look away
I promise you, I'll wait for you.

Witness my first mistake!
Just to impress you
I'm cold and I'm shivering!
Please don't linger.

Your glance it has no meaning
I look at the sky your eyes shine
I beg for honesty.

Your words will tear us both apart
And this heart keeps beating faster
I hope you'll never look away
I promise you, I'll wait for you.

Now I know these love tears every moment I won't let
you know
This path of obsession led me to you
I'm sorry for past mistake!

Your words will tear us both apart
And this heart keeps beating faster
I hope you'll never look away
I promise you, I'll wait for you.
