Pictures on my mind, I wanted you to know  
The nights we used to spent as stars begins to fall

Witness all the happiness I want to bear!  
Witness all the happiness I want to bear!

We set this place in flames and search into the light  
We saw the changing phases and secrets of our lives.

Witness all the happiness I want to bear,  
Tonight!

Seasons come and go but my heart is all for you  
Even if I soar above I will go onto.  
I'll cross this sacred place of torches and of flames  
Even if I burn above I will get to you.
