Ooooooooooooooooo

(x2)

Verse 1

Hey girl, I will always be true to you

(oooooooooo)

It's not only a feeling, it's an endless concept

Oh, how I love this feeling for you

(oooooooooo)

It is the real thing, I can almost taste it

Bridge

When I rise early in the morning and I look in the mirror

Reflections of your lovely face

With tears in my eyes, as I give thanks onto the father

Who be holding such wonderful treasure all along

Verse 2

There's never a day I don't think about you

My mind's a mess and my heart's in distress

Often I wonder about the things you do

Honey please don't forsake me, cause my heart is so true

Holding you now, would be my greatest desire

And seeing you walk through the door

This love for you, can never be measured

Just come on home to me, that's all that matters

Chorus

I'll always be true to you

(oooooooooo)

Yes, I'll always be true to you

(oooooooooo)

Verse 3

Closer, yes we are to be, baby you know you belong to me

Come on home, Come on home

Seems like my bed is to wide, girl I need you by my side

This house is not a home - without you to call my own

Tired of talking on the phone

When you hang up, baby Im still all alone

Chorus

I'll always be true to you

(oooooooo)

Its not only a feeling, it's an endless concept

Oh, how I love this feeling for you

It is the real thing, I can almost taste it

(Song begins to fade out)

When I rise early in the morning and I look in the mirror

Reflections of your lovely face
