"Dead Virgin Whore"

Visit "[Dead Virgin Whore](#)" on MotoLyrics.com

Mutilated remains
Desecration of her body
Raping her and loving it
Losing control
Forcing a fist into her cunt
Ripping the uterine walls

Dead virgin whore
She meant nothing to me
Fucking her corpse
Planting my seed

Dead to the world
Eyes froze open to see
A knife to her twat
Extracting the fetus we conceived

Dineing on my own flesh and blood
Destroying my family tree
Growing aroused
As I kill the whore in her sleep
Pissing on her cold body
I grow more and more aroused
