Let's make love, on many nights
oooo, ehhh

Honey I know you've asked me many times, yeah
If I'd ever thought of leaving, you for someone else
guess you just don't see, you mean the world to me
I'm never gonna hurt you my dear

Honey when i hear you say, that I don't need you
And Im half the man, woman, without you here by my
side
And I'm proud of you honestly
Cause how do we know, from day to day
The sun is gonna rise

Let's take love one day at a time
Baby don't worry, it's gonna be alright
Let's take love one day at a time
Baby don't worry, it's gonna be alright

Honey my love goes, deeper than physical reason
And all those that ask me, see doubts all over your face
Is that necessary, to feel that way baby
Cause love is forever, nobody knows what tommorow
brings
Live for a day

Let's take love one day at a time
Baby don't worry, it's gonna be alright
Let's take love one day at a time
Baby don't worry, it's gonna be alright

Honey when I hear you say, that I don't need you
And Im half the man, woman, without you here by my
side
And I'm proud of you honestly
Cause how do we know, from day to day
The sun is gonna rise

Let's take love one day at a time
Baby don't worry, it's gonna be alright

(Music fades out)
Let's take love one day at a time
Baby don't worry, it's gonna be alright
