Na, na, na, na, na, na, yeah
I am committed to this girl I'm in love
Na, na, na, na, na, na, yeah
For you I give a lifetime of stability
And anything you want of me
Nothing is impossible
For you there are no words or ways to show my love
For all the thoughts I'm thinking of
Cause this life is no good alone
Since we've become one, I've made a change
And everything I do now makes sense
And all roads end, all I do is for you
For you I share the cup of love that overflows
And anyone who knows us knows,
That I will change all thoughts I had
For you there are no high or low or in between
Of my heart that you haven't seen
Cause I share all I have happened
Nothing I'll say comes to understand
And all I feel, I feel deeper still
And always will
All this love is for you
Every note that I play
Every word I might say
Every melody I feel
I'll only for you and your appeal
Every page that I write
Every day of my life
Would not be filled without the things
That my love for you now brings
For you I've made the promise of fidelity
Now and for eternity
No one could replace this love
For you I take your hands and heart and everything
And then to wear my wedding ring
Cause this life is no good alone
Since we've become one
Your all I've known
And if this feeling should leave I'd die
And here is why, all I am is for you
Every note that I play

Every word I might say
Every melody I feel
I'll only for you and your appeal
Every page that I write
Every day of my life
Would not be filled without the things
That my love for you now brings
(Music fades out)
For you I give a lifetime of stability
And anything you want of me
Nothing is impossible
For you there are no words or ways to show my love
