Here I Am, Here I Am  
Ohhhh Yea  
Here I Am  
Playing with those memories again  
And Just when I thought time has set me free  
Those thoughts of you keep haunting me  
Holding You, A feeling I never once knew  
Though each and every part of me had tried  
Only you can fill that space inside  
But I guess am pretending  
My heart is not mending  
Chorus  
Just when I thought I was over you, yeah  
Just when I thought I could stand on my own  
Oh Baby, those memories just come crashing through  
And I just can't, go on without, you  
On my own, I've tried to make the best of things alone  
I've done everything I can to ease the pain  
But only you can stop the rain  
I just can't live without you  
I've got everything about you  
Chorus  
Oh Yes Yes  
Here I am, Here I Am  
Ohh Yea-yea, Here I Am  
Playing with those memories again  
And Just when I thought time has set me free  
Those thoughts of you keep haunting me  
Holding You (fade)
