[Lyrics by Samuel Johansson]

Allene, jag vandrar igenom mÅ¶rkom dal.  
Evinerligen, jag fÅ¶rnimmen mitt hjÅ¶rtas  
SvÅ¶ra kval. Jag Å¶ro omsluten av idel dÅ¶d och  
Sorgtyngd vÅ¶nda.

Alone, I wander through this dark valley.  
Eternally, I feel the pain of my heart. I am  
Embraced by sheer death and agony  
Weighed down by grief.

Within despair i will remain, until the casket  
Becomes my bed. This dark embrace of  
Grief, entices me with chains of red. But  
Listen, hear the cries of another man in pain.  
Blood as red as the blood dripping from my chains.

Behold, a lamb, nailed to a cross, filled with  
The sins of mankind. But still his tears are  
Shining of hope, his death is not his end.  
Arisen from hades, satan enslaved, the dusk  
Turned to dawn. Take his hand, reveal his  
Gift, do not fear the death of mourn.

Released by God I am, within his almighty  
Strength I stand.
