[Lyrics by Hubertus]

Segev giv du segerrike. Konung till din kamp
Oss vig. Ingen man mÅ¥ provet svike nÅ¥r du
FÅ¥r ditt rikes krig.

Bring victory, you victorious. Consecrate us
Unto your fight, you sovereign. None may fail
The test when you fight the war of your empire.

Hys och led vÅ¥r trÅ¥ngda skara. HÅ¥r, till dig i
BÅ¥n vi fly. LÅ¥t oss snart ur natt och fara se
Din frihetsmorgon gry.

Cherish and lead our pressed crowd. Hear,
Unto you in prayer we flee. Let us soon from
Night and danger see your dawn of freedom arise.

Bryt o Herre, brÅ¥ck och krossa hela
MÅ¥rkrets vÅ¥ld och makt. DÅ¥dens bojor du
Kan lossa. Du som liv til seger bragt.

Break o Lord, surpass and rout the power
And dominion of darkness. The bonds of
Death you can detach. You who has brought
Life to victory.

Ack vÅ¥r kraft Å¥r ganska ringa. Giv oss herre
Dag frÅ¥n dag mod att ej med vÅ¥rlden tinga.
Giv ett bergfast sinnelag.

Alas, our force is rather small. Give us Lord,
Day by day courage not to engage the world.
Bring a disposition solid as the rock.
